

PRESS RELEASE

DRFORTRESS CLOSSES DEBT REFINANCING WITH BANK STREET

Honolulu, Hawaii – November 16, 2015 - DRFortress announced that it has secured a new debt financing facility led by Bank Street with participation by other private investors. DRFortress will use the proceeds from this financing to refinance the existing principal of its outstanding senior and subordinated loans as well as funding a portion of the datacenter expansion project expected to be completed in Q1 2016. The refinancing allows DRFortress a multi-year extension on the maturity dates of the Company's previous term loan facilities as well as achieve lower interest rates compared to the existing term loans.

"As a result of significant growth and customer expansions, DRFortress is diligently working on our 100-rack expansion and facility hardening construction projects," said Fred Rodi, President of DRFortress. "Bank Street has been a long-term financial and strategic partner to DRFortress and we were very pleased to have the opportunity to work with them again. This refinancing and construction capital raise is critical for our next phase and we are pleased that we were able to take advantage of lower interest rates and a new financing structure."

About DRFortress
